The Fredonia/Dunkirk Area Frosts

This Fredonia/Dunkirk location is of special interest to the families who descend from **William Henry Frost of Fredonia**. Many of you were born here in the 1920-40's and have fond memories of favorite places such as the swinging bridge over Canadaway Creek at the foot of the hill by Grampa's home, or the festivities enjoyed at the city park with it's old-fashioned bandstand.

William Henry was an unusually interesting man. He was a busy entrepreneur. He engaged in varied business interests, first in the lumber and grocery businesses and moving on to coal, gas and oil businesses in Fredonia, Kentucky, Alabama, and Texas. Wm. Henry was most content when all his sons and sons-in-law were working for him in his string of different businesses. He was one of the three sons of Abial Robinson & Mary Ann (Wilson) Frost of Brockway, Jefferson Co., Penna. His brothers were John Wilson Frost and Hiram Abial Frost.

The genealogy in progress for this Frost family is unique in that it traces all of Wm. Henry's sons and daughters and their descendants to the present day. Not just the sons **Halsey Wilson Frost** and **Edwin Raymond Frost** and their descendants are followed, but the Frost daughters and their descendants are being followed fully. Wm. Henry's daughters were **Elizabeth Ada Frost who mar. John Charles BERG**, **Annis Frost who mar. Raymond Ammon KELLER**, and **Lola Angeline Frost who mar. George Sarsfield MORAN**. Wm. Henry's children, Carrie and Lawrence, died ten days apart in November 1881 in the diptheria epidemic.

WILLIAM HENRY FROST and ANNIS (POWELL) FROST

FAMILY OF WM. H. FROST, OF FREDONIA, N. Y.
(No. 89)

Left to right: Bottom row, Elizabeth, Annis Powell Frost, Wm. Henry Frost, Annis,
Top row, Mary, Halsey Wilson, Edwin Raymond, Lola Angeline

This photo of William Henry Frost and his family first appeared in *The Frost Genealogy* by Josephine C. Frost. The # 89 shown above indicates that William Henry Frost was listed as # 89 on page 310 of this earlier genealogy. It has since been learned that Wm. Henry's line descends from Thomas Frost of the Kennebec River Islands in Maine and not from the Long Island Frosts.

This Genealogy is Still In-progress
